- 1 - Sterling Twig #689
- 1 - Sterling Hook and Eye Clasp #670

Tools needed:

- Round nose pliers
- Chain nose pliers
- Wire cutters

Sonoran Beads

Step-by-step instructions:

1. Using your round nosed pliers start a wire wrapped loop with one of the floral headpins. While the loop is still open slip it on a loop on the twig and finish the wire wrap to close the loop. Continue in this way with the other headpins. Stagger the placement of the headpins leaving four loops on the twig available for the leaves.
2. Grasp a leaf between your thumb and forefinger to protect the glass and open the wire slightly to allow wire to slip through a loop on the twig and close the wire. Continue in this way until all four leaves have been placed.
3. Cut a piece of the 3-needle SilverSilk™ chain to the desired length - keep in mind the clasp will add about an inch to the finished length. Slip the chain through the top loop of the twig.
4. Slip one side of the crimp end over the end of the SilverSilk™ and crimp closed with the round nosed pliers. Only crimp the center bar of the crimp end. Repeat with the other side.
