- 1 - Brass Ribbon clasp #1665

From your stash:

- 2- 6mm oval jump rings

Tools needed:

- Round nose pliers
- Nylon coated chain nose pliers
- Wire cutters

Sonoran Beads

Step-by-step instructions:

Necklace

1. From one package of Capture Knit cut a piece 16" long, another piece 17" long and one 2-1/4" long. From the second package cut a piece 18" long and one 2 1/4" long. Set the two 2-1/4" pieces aside.
2. Insert one end of each of the three longer pieces of Capture Knit into a triple end cap with the 16" and 18" lengths on the outside, the 17" length in the middle. Making sure that the ends are securely in the end cap, gently squeeze it closed using nylon coated pliers.
3. Slide a duplex bead onto each of the strands of Capture Knit.
4. Lay the strands on your work surface and arrange the strands so that they are straight and don't overlap each other. Even up the loose ends of the strands and insert them into the other triple end cap in the same order as the other ends. Gently squeeze it closed using nylon coated pliers.
5. Using the oval jump rings attach one side of the clasp to each end cap.

Earrings

1. String a Duplex bead on one of the 2-1/4" strands of Capture Knit.
2. Fold the Capture Knit into a teardrop shape and insert the ends into one of the SilverSilk double end caps. Gently squeeze it closed using nylon coated pliers.
3. Open the loop on a French ear wire and slide on the finished earring pendant. Close the loop.
4. Repeat steps 1 through 3 to complete the other earring.
