From your stash:

- 7 - ball end 1 ½" silver headpins
- 7 - 4mm bi-cone crystals

Tools needed:

- Round nose pliers
- Chain nose pliers
- Wire cutters

Sonoran Beads

Step-by-step instructions:

1. Cut a 16" length of oval chain.
2. Using the oval jump rings attach one half of the clasp to each end of the chain. Set aside.
3. On a headpin, string a 6mm bi-cone, a Lucite flower and a 4mm bi-cone. Make a wire wrapped loop (one flower dangle).
4. Repeat step 3 to make six more flower dangles.
5. With the clasp fastened, find the center point of the chain. Using the jump rings attach a flower dangle to the chain.
6. Count six chains to the right and attach another dangle. Repeat this step one more time.
7. Beginning at the center point of the necklace, count six chains to the left and attach a dangle. Repeat one more time to attach the last dangle.
8. Slide a dangle onto each of the two earring wires and close the loop.
