

## Mini-Ring Bracelet

### Materials needed:

### Available at [SonoranBeads.com](http://SonoranBeads.com):

- Sonoran Mini-rings - 12-14
- 28- Size 6.5mm - 18g jump rings
- 1 - Magnetic Boro Clasp

### Tools needed:

- 2 - chain nosed pliers

## Sonoran Beads

### Step-by-step instructions:

1. Open all of the 28 jump rings.
2. Place two mini-rings together and thread two jump rings through a mini-ring pair.
3. Place another mini-ring up to one of the mini-rings from the last pair and thread two jump rings through that mini-ring pair.
4. Repeat step three until you have the desired length.
5. Thread two jump rings on the last mini-ring in the chain and thread a single jump ring through the two jump rings, and attach the clasp. Repeat on the other side.

Note: One mini-ring with two jump rings cluster adds about ½ inch to the chain. The clasps adds about 1 ½ inches to the bracelet. Add or subtract to lengthen or shorten the bracelet.

Here's another color combination:
