- 44 3mm 18ga jump rings #3418copper3
- 1 S-Clasp #3345copper

### Tools needed:

- 2 chain nose pliers

## Sonoran Beads

### Step-by-step instructions:

1. Open 44 3mm jump rings and set them aside.
2. Open a 6mm jump ring, slide on 4 large pebble beads and close the jump ring (one 6mm pebbled ring made). Set aside. Repeat this step on the six remaining 6mm jump rings. Set aside.
3. Open a 4mm jump ring, slide on two mini-pebble beads and close the jump ring (one 4mm pebbled ring made). Set aside. Repeat this step on the thirteen remaining 4mm jump rings.
4. Connect four 4mm pebbled rings together in a chain using two 3mm jump rings as each link. Be careful to keep the same number of pebble beads on each side of the 2-ring link (one on each side for the 4mm rings and two on each side for the 6mm rings).
5. Add a 6mm pebbled jump ring to one end using 2-3mm jump rings as the link.
6. Continue to add pebbled rings to your chain alternating 4mm and 6mm rings until all 6mm pebbled rings are used.
7. Add the remaining 4 4mm pebbled rings the chain.
8. Using 2-3mm jump rings attach one half of the S-clasp to one end of the chain. Repeat with the other half of the clasp.
