

## Sonoran Boro and Silver Component Bracelet

Finished Size Approx. 7"

### Materials needed:

Available at [SonoranBeads.com](http://SonoranBeads.com):

- Rose Silver Components #1147 - Qty. 6
- Rose Silver Clasp #1143 - Qty. 1

### From your stash:

- 5 or 6mm round silver jump rings - Qty. 14

### Tools needed:

- Chain Nose Pliers

## Sonoran Beads

### Step-by-step instructions:

With your pliers, open a jump ring. Line up the loops on two component pieces, slip the jump ring into the two loops and close the jump ring. Do the same with the other loops on the two strand component. Continue on until all of the loops on the components have been connected to each other with a jump ring. Attach the clasp in the same way.

Below are some other color choices for you;

Caramel Silver Components #1148 - Qty. 6

Caramel Silver Clasp #1146 - Qty 1

For another bracelet idea, replace one of the components with a two strand watch face. We've used the following components to make this watch;

Moss Silver Components #1150

Moss Silver Clasp #1145
